August 31, 2018

Dear Parent/Guardian:

The Old Forge School District is pleased to announce that we have begun to use the Raptor Visitor Management System in all of our schools to strengthen our program of campus safety for students and faculty. The Raptor system will better allow us to screen visitors, contractors, and volunteers in our schools and provide us with a safer environment for our students and staff.

Upon entering a district building, visitors will be asked to present an ID such as a Driver's License, which can either be scanned or manually entered into the system. If a parent or guardian for any reason does not have a US government-issued ID, the school staff member can use any form of identification and manually enter the person's name into the Raptor system. The Raptor system will check to ensure that registered sexual offenders are not entering our school campuses without our knowledge. The Raptor system checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. The registered sex offender database is the only official database checked by the Raptor system. No other data from the ID is gathered or recorded and the information is not shared with any outside agency. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit. A visitor's badge will not be necessary for those who are simply visiting the school office for dropping off items (i.e. lunches, homework) or picking up paperwork.

The safety of our students is our highest priority and the Raptor Visitor Management System allows us to quickly identify those that may present a danger to our students.

The next time you visit the High School Office or Elementary Office please plan to add a few extra minutes to your visit for this initial registration.

Thank you in advance for your understanding and your support in enhancing the school safety protocols in our district.

Christopher J. Gatto
High School Principal
