Dear Old Forge Community:

Do you love Old Forge? Do you want to make Old Forge greater? Then be part of a process that will do just that.

The Old Forge School District is pleased to announce a return to the Comprehensive Strategic Planning Process and your voice is needed!

The process will kick-off with a meeting on Wednesday, February 6, 2019 at 6:00 pm in the LGI, and take place over the next five months. You will be working collaboratively with parents, students, faculty, staff, administrators, Board of Education members, and community leaders to be part of the planning for the future of our district. This Comprehensive Strategic Planning process will conclude with a plan that will enable the Old Forge School District to focus its vision and priorities in response to a changing environment and ensure that members of our organization are working toward the same goals.

There will be committees such as: Elementary, Jr/Sr High School, and District. You will be part of a collaborative process that will set a path for the school district that will prepare our students.

If you are interested in being part of this important process, simply contact the Superintendent's Office:
