OLD FORGE ALMA MATER

Alma Mater praise thy glory
All through the years
Loyalty will be our watchword
All through the years.

Loyal sons and loyal daughters
Never from thy banner falter
Dreams may fade but memories cherish
Dear Old Forge High

Slender trees here sighing murmur
In the moonlight clear;
For the loved ones now departed
All through the years.

Softly now our voices blending
Sing her praises never ending
Till our hearts are stilled forever,
Dear Old Forge High

INTRODUCTION

This booklet has been prepared to provide the students of Old Forge Elementary School and their parents/guardians information about the expectations, procedures, and activities of the school.

The parents/guardians, the faculty, and the administration are all intensely interested in the welfare of the students. To ensure their success, students must apply themselves to the best of their ability. Intensive work in a program of studies, participation in curricular and extra-curricular activities and adherence to school policies and regulations are essential. A cooperative attitude toward teachers and fellow students will create an atmosphere for learning and for the possible realization of objectives. Careful planning, personal interest, and application will help students achieve desired goals.

This handbook will better acquaint parents/guardians and the students with some of the policies and procedures, which have been adopted by the Board of School Directors to implement a sound, efficient, and well-operated school.

PHILOSOPHY

The Board of School Directors, administration, and faculty are interested in the development of the students' physical, emotional, mental and spiritual capabilities so that he/she may become a better member of society.

It is our expressed desire to help students to appreciate and enjoy the blessings and opportunities of a free country, to guide and counsel them in educational and vocational needs, and above all to help them prepare for college, for employment, and for daily living.

GENERAL SCHOOL POLICY

The administration is responsible for enforcing general school policy as adopted by the Board of School Directors, and for the final judgment on matters such as class assignments, general behavior, disciplinary action, and suspension of students.

Students are responsible for all information contained in this handbook, for all announcements made over the public address system, and for any other directives issued by the faculty.

ELEMENTARY SCHOOL PROCEDURES

DAILY SCHEDULE

Arrival: Students must arrive by 8:25 a.m.

Dismissal: Students will begin to be dismissed at 2:50 p.m.

PARENT DROP-OFF AND PICK-UP

Parent drop off and pick-up is located at the back of the school ONLY. All parents must enter the parent drop-off area from Railroad Avenue. As you enter into the school area, a staff member will direct you further.

In the case of students missing the bus in the morning, parents are NOT allowed to drop students off at the circle. Parents are to follow the parent drop off procedures identified above.

EMERGENCY SCHOOL CLOSINGS AND EARLY DISMISSALS

Cancellation of school takes place only during circumstances such as extreme weather, equipment failure, or public crisis. The Board of Education and administration are aware of the hardship which can be caused by an abrupt cancellation. Therefore, school will not be canceled unless a significant safety risk has been created by unusual circumstances.

Every practical means will be used to notify parents of a cancellation or early dismissal including radio, One Call phone messages, **REMIND** messages, and television announcements. The following television and radio stations will be notified:

Television: WNEP-TV WYOU-TV WBRE-TV

Radio: WARM RADIO WKRZ RADIO MAGIC 93

The MMS One Call messaging system will also be utilized to notify parents of school closings and other important school related messages in addition to school closings and dismissals.

If you are typically not home during school hours, develop a set plan for your child to follow in case of an early dismissal.

SCHOOL VISITS

Teachers welcome the opportunity to talk with parents about concerns or questions they may have. The administration encourages parents to make appointments with teachers at mutually convenient times to discuss concerns. If you find it necessary to call the school and the teacher is unable to come to the phone, please leave your name and telephone number. The teacher will return your call as soon as possible.

Upon entering the school, all parents and visitors must report to the main office. According to our School Visitor Policy #907:

All visitors are to report to the building office to register and secure a visitors pass before proceeding to their destination in the building, regardless of whether prior approval for the visit has been given. All parents, guardians and visitors attempting to gain access to the school will be asked to provide a valid driver's license, official state photo identification, or military identification card for scanning and cross-referencing against the national sex offender database. Visitors refusing or unable to produce such identification may be asked to remain in a designated area as their identity cannot be verified. Persons without verifiable identifications shall have their personal information entered into the visitor management system and their names checked against the database. The school staff member will scan or manually enter the visitor's information into the system and will issue a visitor badge if no alert is indicated. If an alert is indicated, the school staff member shall immediately notify a school administrator and inform him or her of the situation and that visitor must be supervised by a district employee for the duration of the visit. The visitor must return to the office to check out prior to leaving the school. The visitor will be instructed to return the visitor badge to the designated office personnel to check them out of the system. The badge will be destroyed and cannot be reused.

Parents who pick up their children at school are requested to wait for them in the lobby. This will eliminate confusion and disruption in the corridors and is absolutely essential for the protection of our students.

If it is necessary to deliver a message or drop something off for your child or a teacher, please go to a secretary in the main office who will gladly take care of it.

- Children are permitted to call home only in emergency situations.
- Forgotten homework is not normally considered an emergency.
- Students will be helped in handling these situations responsibly.

Please note, when visiting, numbered parking spaces are assigned to staff members. Please park in the fenced in area towards the back of the school if spots are available or on Melmore Street. The circle MUST BE left clear for emergency vehicles.

In addition, when visiting the school at arrival or dismissal times, please STOP at the entrance to the elementary school upon the request of the staff member assigned outside. You will be instructed on where to park your vehicle.

It is imperative that while the buses are parked around the circle and students are in the process of loading the buses that no vehicle proceeds around the circle.

CLASSROOM PARTIES

Three major classroom parties will be held to celebrate Halloween, Christmas, and Valentine's Day. ***DUE TO THE WELLNESS POLICY AND FOOD ALLERGIES, OUTSIDE TREATS WILL NO LONGER BE PERMITTED INTO THE CLASSROOM.*** Parents will be permitted to order baked goods that have been approved for quality assurance, through the Elementary Cafeteria. To access the online Party order form, go to the Old Forge School District website. Click on Student Parents/Nutrition Group or email your order to tara.wynn@ofsd.cc, one week in advance. All orders MUST BE PRE-PAID.

In addition, on the 1st and 3rd Fridays of every month, OFES will host a group Birthday Party for each grade for all children whose birthday falls within that month.

Birthday Party invitations must be either whole class/whole gender. The school cannot mail or provide the addresses for the invitations.

WELLNESS POLICY

CELL PHONES

The use of cell phones in the school building between the hours of 8:25 and 3:30 is strictly prohibited in the elementary school. If a student needs to use the phone during school hours, there is a phone available in the main office. Any student found with an active cellular phone (use or possession) during the school day will have the phone confiscated and a parent will need to pick it up in the office. Frequent violations of this policy may result in student suspension. Texting, playing games and taking photos with the phone is strictly prohibited.

The following is a list of items which are strictly prohibited at Old Forge Elementary School. This list may be amended during the school year at the discretion of the administration. Penalties in school for violation of this section may range from detention to possible expulsion. Depending on the item, legal action may be taken as well:

SCHOOL INSURANCE

School Student Accident Insurance will be offered to students by a reliable insurance company at a reasonable rate at the beginning of the school year. The policy will cover a student on his/her way to and from school, during the time of regularly scheduled classes, and during participation in intramural sports. Students who are injured during school hours and who are not covered by school insurance are responsible for their own medical expenses. The School District will not be held responsible for accidents; however, any pupil who is protected by School Student Accident Insurance should immediately report an accident occurring in the school and on the way to or from school.

LOST/DAMAGED BOOK POLICY

Students are responsible for lost or damaged textbooks and other school materials and will be expected to pay for them. Students are urged to take good care of books and other materials to avoid assessment. Materials that are lost or damaged must be paid for before the final report card is issued.

If a student loses or destroys the text assigned to him, he/she will have to make restitution. All text must be returned at the end of the school year before a student receives final grades and a report card.

If a book is lost or destroyed, the student will pay replacement costs outlined in the RESTITUTION PROCEDURE which follows. If a book is damaged, the student will pay a percentage of the value of the book. This percentage will be determined by the administration.

Restitution Procedure

All moneys will be collected by the principal /designee and sent to the Business office for a payment receipt. The restitution schedule will be as follows:

New Textbooks	100% of the current purchase price
Used Textbooks	Replacement price is based on current replacement cost of text in question. Prices will be based on those contained in used book catalog. If the book is not available through a used book company, then the price of the book will be determined by the cost of purchasing a "new" book.

PARENT TEACHER ORGANIZATION

The Old Forge Elementary PTO is dedicated to offering support to the school. It serves as a communication link between parents and the schools. Joining the PTO is an excellent way to show you care about your children's education. At the beginning of each school year, information will be sent home regarding PTO membership, meetings and activities. Child

Abuse, PA State Police and FBI Clearances are REQUIRED for ALL PTO Members who wish to volunteer for any PTO related function which involves direct contact with students, such as Book Fairs, Santa's Workshop, School Pictures, etc.

FIELD TRIPS

Teachers/administrators are responsible for planning and preparing relevant trips that are conducive to the learning process.

The teachers/administrators reserve the right to deny a student access to a field trip based on past performances whether it is academic, attendance, behavior, etc. No child will be allowed to attend a field trip unless a permission slip has been signed by the parent. Permission slips will be sent home with the child when a trip is planned. A student's conduct on field trips is expected to be the same as if the student were at school. Field trips are merely an extension of school beyond the school building.

Field trips may occur at any point in the school year. Appropriate information regarding the trip will be provided to parents/guardians in a timely manner. Parent chaperones may/may not be needed for grade level trips. If parent chaperones are needed, a Parent Chaperone Request Form will be sent home to be completed by the interested parent/guardian. Copies of the following certifications (clearances) would need to be submitted with the Parent Chaperone Request Form. Certifications will not be kept on file. 5. Appropriate attire should be adhered to at all times.
6. An extracurricular activity is an extension of the school day. All rules and regulations of the Old Forge School District apply to these activities. Students must be present in school in order to attend the dance.
8. The dance moderator will be responsible for employing and assigning a minimum of one policeman and chaperones. Policemen will be assigned to the dance area, lobby at entrance and parking area.

ATTENDANCE AND TARDINESS TO SCHOOL

ATTENDANCE AND TARDINESS TO SCHOOL

Daily Attendance

Homeroom period will extend from 8:25 a.m. to 8:40 a.m. Attendance will be taken by all homeroom teachers upon the students entering the classroom. Each student must be in their homeroom when attendance is taken to be considered present for the school day.

Student Absence

When a student returns to school after an absence, he/she must provide a **written excuse** signed by his/her parent/guardian to the homeroom teacher **within three school days**. This must include the date of the absence, the reason for the absence, and be signed by his/her parent/guardian.

Written excuses may be submitted as follows:

- 1) By the student
- 2) Through email to tammie.ferraro@ofsd.cc
- 3) By fax at 570-414-0516

Absenteeism is classified as excused, unexcused and/or unlawful. Unlawful absenteeism is a violation of the Pennsylvania School Code.

After **three unlawful** absences, the compulsory attendance law requires that the school authorities serve written official notice to the student's parent/guardian and any additional unlawful absences thereafter may result in the parent/guardian being cited and fined.

Within three days following an absence, the student must present to the homeroom teacher an excuse that is dated and signed by the parent, guardian, or physician explaining the reason for absence.

After 10 excused and/or unexcused absences, students will be required to submit a physician's excuse to his/her homeroom teacher upon return. If a physician's excuse is not presented, the absence(s) will be considered illegal. Any absence not excused by a doctor/dentist after 10 parent excuses will be counted as unexcused (see penalty for unexcused absence). A letter will be sent to parents/guardians notifying them that the student has reached 10 absences. Exceptions for court appearances or other emergency situations must be arranged with administration.

Students must be in school to attend and participate in extra-curricular activities. All medical and dental appointments should be scheduled for after school hours. All requests to leave early must be submitted to the principal before 9:00 A.M. on or before the day of appointments so that the validity of the request can be verified. On the day of the

appointment, if the student returns to school before the end of the day, he/she must report directly to the elementary school office in order to be admitted to class.

No student is to leave the school grounds for any reason during the school day without written permission from the principal. *Any student who leaves without permission will receive an Out-of-School Suspension.*

Class work missed because of an excused absence is the responsibility of the student. The student shall not receive a grade for any day of unlawful or unexcused absence.

Mandatory School Attendance

The following reasons constitute lawful and excused absence:

- Student illness
- Student medical appointments
- Death in the immediate family
- Extreme weather conditions
- Religious obligations/holidays
- Family emergencies that are approved by the principal should be of sufficient urgency to warrant students' absence from school.

All other reasons for students' absence are unexcused, and, therefore, in most cases, unlawful.

Parents may write excuses for their child's absence ten times. After the tenth absence of this nature, the administration will require the student to submit an excuse from a physician for each additional absence. If this procedure is not followed, the additional absences will be considered illegal. Students who are illegally absent will be liable for penalties from the local magistrate.

After three illegal absences occur, the following process will begin:

- A warning letter will be mailed home concerning the three illegal absences.
- Any illegal absence after that starting with the 5th illegal absence will result a meeting between the parents and student along with administration to complete a Student Attendance Improvement Plan (SAIP).
- Failure to comply will result in magisterial district judge referral.
- Truancy hearings are held in the school. Parents and students found guilty of truancy in violation of mandatory school attendance codes may be liable for fines and court costs, or community service.

Student Attendance Improvement Plan (SAIP)

After the 5th unexcused absence, the parent/guardian of the student will be requested to attend a Student Attendance Improvement Plan Meeting at the school.

The SAIP meeting is preventative and the first step in the truancy process.

The SAIP meeting is intended to provide support to the family/students, identify barriers to school attendance, reduce absenteeism and avoid a referral to the magisterial level for truancy. At the SAIP meeting the cause of the students absences will be discussed and mutually agreed upon plan will be developed between the family, student and district.

Also present at the meeting will be a school/truancy liaison from Lackawanna County Office of Youth & Family Services who will assist in the development of the SAIP, identify community resources and services, and provide support to the family, student and school. Additionally, the liaison will be present at any magisterial or contempt court hearings if they should occur.

Failure to attend the SAIP meeting may result in a follow-up from the truancy/school liaison or a referral to the magistrate.

Tardiness to School

Students who are tardy for homeroom (come in after 8:25 A.M.) must report to the office and **MUST** be accompanied by a parent/guardian to sign in.

Homeroom tardies are cumulative throughout the semester, not by the quarter. They will be accounted for in groups of four. Penalties for these tardies will be issued as they are reported to the principal by the homeroom teacher. Penalties will be as follows:

- 4 Tardies One Day of Recess Detention
- 8 Tardies One Day of After School Detention
- 12 Tardies One Day of After School Detention
- 16 Tardies One Day of After School Detention

*Depending upon the degree of lateness, the above guidelines may be accelerated.

A loss of privileges and/or loss of participation in extra-curricular activities will also be considered for 12 or more tardies. Parent/guardian conferences with the principal will also continue to occur. Tardies will only be considered excused for a funeral, medical appointment with medical form, or student illness with parent note. All other tardies will be considered unexcused tardies.

In addition to this record-keeping, according to the School Code on Mandatory School Attendance, Section 13.1333, the number of minutes/hours for each tardy will also be recorded. When this number reaches 6.5 hours (one school day), the tardy now becomes a

First Level Truancy (one illegal day absent from school). At this point, a warning letter regarding magistrate action will be issued by the building administrators, and a parent/guardian conference may be conducted to explain the consequences of future truancy acts. A truancy elimination plan may be started.

A **Second Level Truancy** (the second illegal day of absence for being tardy) act leads to a Magistrate's Citation and a Magisterial Hearing, which will include FINES AND COURT COSTS as decided on by the magistrate based on the information he receives from the District.

A **Third Level Truancy** (the third illegal day of absence for being tardy) act leads to the District's Solicitor filing a Dependency Petition with the Lackawanna County courts on behalf of the District. The petition, for minors, is filed against the parents on behalf of the student. At this point a judge, or his/her Hearing Master, can decide to place the student in question in an institution other than the student's home school for a period of time to be determined by the judge.

Students who arrive at school after 8:25 must report directly to the Main Office to receive an admission to class permit. If a student attempts to attend classes without reporting to the main office and receiving an admission permit, he/she will be required to report for after school detention.

Truancy

Truancy is a serious offense. It is a violation of the Pennsylvania School Code. Any student who is illegally absent is liable for disciplinary action within the school and legal action outside of school.

School Attendance Officer

The primary functions and duties of the school attendance officer are as follows:

1. To investigate the absences of pupils.
2. To endeavor to prevent irregular attendance.
3. To act as the direct liaison person between the home and school.
4. To interpret for the parents the aims and programs of the school.

Early Dismissal

Students will only be excused early from school for the following reasons: medical/dental appointments, court appearances, funerals, and emergency situations. A student needing to leave school for a doctor, dental, or other approved appointments must include the name and telephone number of the doctor/dentist on their request for verification purposes. Before leaving the school, students are to be signed out in the office by a parent/guardian/authorized person, and must be signed back in upon return. Students are expected to return

to school following their appointments if time permits. Office form and/or doctors note must be returned to school.

Student Illness

If a student becomes ill during school hours, he/she will ask for permission of the classroom teacher to report to the health room.

Under no circumstances are students to leave the building without being excused. Leaving the school without a pass shall be considered an unexcused absence and handled accordingly.

If the nurse is not available, students should report to the main office.

To prevent the spread of illness, it is highly recommended that students remain fever free (less than 100 degrees F.) for 24 hours, without the use of Tylenol or Motrin, before returning to school.

Leaving School

A student may not leave school unless permission has been granted by the principal or the school nurse. Students are to wait in the main office or the health room until a parent/guardian comes to pick them up. Students leaving school during the school day are to submit a written request by the parent, specifying the time and reason for dismissal.

Family Educational Trips

Vacation plans for families can be facilitated by submitting a written request to the principal two (2) weeks prior to receiving permission for an excused absence in order for teachers to prepare work for the students. Permission for school absence forms may be obtained in the school office. Students on educational or family trips will be held responsible for completing any assignments missed during their absence.

The school calendar is available on the district's website. When planning family educational trips, please refer to the school calendar to determine appropriate days for the trip. Trips planned during state assessments for students in grades 3-6 will not be approved by administration. In addition, students whose attendance percentage falls below 90% and/or who has been issued a 10 day absence letter will not be approved by administration.

Homework Requests for Absences

You are reminded that if your child is absent and you would like to request their homework, you need to do so no later than **9:00 a.m.** on the morning they are out. Homework will be ready for pick up after 3:00pm each day. You may request homework by calling into the office or filling out the form on the District's website.

MCKINNEY-VENTO HOMELESS EDUCATION PROGRAM

MCKINNEY-VENTO HOMELESS ASSISTANCE ACT:

The Education for Homeless Children and Youth (EHCY) program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) (McKinney-Vento Act). The McKinney-Vento Act was originally authorized in 1987 and most recently re-authorized in December 2015 by the Every Student Succeeds Act (ESSA).¹ The McKinney-Vento Act is designed to address the challenges that homeless children and youths have faced in enrolling, attending, and succeeding in school.

Under the McKinney-Vento Act, educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youths. Homeless children and youths must have access to the educational and related services that they need to enable them to meet the same challenging State academic standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Local Educational Agencies are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths.

The law indicates that the LEA liaison shall ensure that all homeless children, youth and families are identified through coordinated activities with other entities.

DEFINITION OF HOMELESS (MCKINNEY-VENTO ACT SEC. 725(2); 42 U.S.C 11435(2)):

- Access to free meals and textbooks, Title I and other educational programs and other comparable services including transportation;
- Attendance in the same classes and activities that students in other living situations also participate in without fear of being separated or treated differently due to their housing situations.

- Provide school supplies and other school related materials as needed
- Advocate for and support students and families through school and home visits
- Set clear expectations for student behavior, attendance and academic performance

DEVIL PRIDE

DEVIL PRIDE

School Wide Positive Behavior Support

The Old Forge Elementary School implemented a school wide behavior support program beginning in the 2008 – 2009 school year. This program supports the development of better behavior, cooperation and discipline in our school. Consistent language is used with the children so that they better understand behavioral expectations while in school. The motto “Devil Pride” will be used throughout the school and is the backbone of the entire program. All students will be directly instructed so that the students have a clear understanding of our school rules and expectations. Positive behavior will be rewarded weekly, monthly, quarterly and yearly.

DISCIPLINE POLICY

The Old Forge School District firmly believes that discipline, particularly in the formative elementary years, is directly related to, and is an important part of the total educational system. An effective instructional program requires a wholesome and orderly environment. Our aim is to provide every student with the knowledge, skill and self-discipline he or she will need for personal self-fulfillment and attainment of full social responsibility at all levels of development.

Parents are asked to assist the school in the enforcement of school expectations, along with prompting respect for authority, fellow students and district and personal property.

The main goal in disciplining at the elementary level is to handle the situation so that the child will want to change his/her behavior. Punishment is the final action when other, more subtle means of approach fail.

In the event of a student receiving an office referral due to a behavior incident, all parents/guardians will be contacted by phone and/or email to discuss the incident.

Disciplinary Infractions

Devil Pride Tier 1

General Classroom Infractions Primarily Handled By The Teacher

Tier 1 Infractions are defined as minor misbehavior on the part of the student which impedes orderly classroom procedures or interferes with the orderly operation of the school. These behaviors are primarily handled by staff members before administration would be involved. Students' Tier 1 infractions are managed and recorded through the use of the classroom management system.

Devil Pride Tier 2

Immediate Referral to Administration

Tier 2 infractions are defined as misbehavior whose seriousness tends to disrupt the learning climate of the school, interferes with the students' educational, social, or personal growth. Misbehavior directed against persons or property whose consequence is a serious and definite threat to the individual, to others, or to the school. These acts may be considered criminal, self-destructive or seemingly irrationally motivated. Misbehavior at this level may require the removal and or isolation of the student. The nature of these misbehaviors is more serious than those of a Tier 1, and immediately involves administration. Students who incur a Tier 2 infraction will lose their reward for the month. Students who incur 3 or more Tier 2 infractions will not be allowed to attend Field Trips.

After School Detention

Parents of students who are scheduled for after school detention will be informed by phone or by mail. After school detention is scheduled from 2:50-4:15.

The homeroom teachers will provide students assigned to detention with a sufficient amount of work, excluding homework, to be completed during the detention period. Students will be expected to complete all detention assignments, and these assignments will be handed in to the detention monitor prior to leaving the building.

If any student is unable to attend a scheduled detention period due to a medical appointment or any emergency situation, the detention period for that student will be rescheduled for the following day/ week. Only medical appointments and emergencies are legitimate excuses for rescheduling detention. A doctor's excuse for the student must be provided on his/her return to school.

It is mandatory that only a parent or legal guardian of the student in detention be at the elementary school on the day of detention to pick up his/her child. For security reasons, parents will be asked to wait outside until the detention period is over. The detention monitor will escort the students to the designated pick up area. No child will be dismissed from detention on his/her own. All parents are responsible for signing their children out of detention when leaving the building. The detention monitor will provide sign-out sheets to the parents at each detention period.

The administration of the Old Forge School District and the Old Forge Elementary School will be responsible for overseeing the detention system.

Repeated violations of school rules and regulations can lead to suspension of privileges or a general suspension from school. Suspensions from school are given, by the principal, for the very worst infractions of school rules and policies. It signifies that the student's behavior has been so disruptive that the only reasonable way to deal with the situation is to remove the student from the school environment.

In-School Suspension

Students may be assigned to In-School Suspension for disciplinary infractions. This assignment must be fulfilled regardless of any other absence. Assignment shall be the responsibility of the building administration. Failure to satisfactorily complete this assignment will result in additional suspension(s).

Parents or guardians will be notified by Administration via telephone and / or in writing as to the nature of the offense and the action taken by the school authorities. These students will be listed on the daily attendance sheet. All reasonable attempts will be made to get assigned students their academic work with the appropriate credit given for the work completed while serving In-School Suspension.

While assigned to In-School Suspension, students are prohibited from participation in and attendance at all extra-curricular, co-curricular and athletic activities. Students who accumulate multiple In-School Suspensions may receive Out-of-School Suspensions and further disciplinary actions may be taken.

In-School Suspension (ISS) Expectations

Before completing any other assignment, students will write each of the ISS rules; neatly and legibly.

1. All school rules apply in ISS.
2. All assignments will be sent to the student no later than 9:30.
3. A composition must be written; a minimum of 250 words per day as to why the student is in ISS.
4. Students should be in their seats and ready to begin their day at 8:30. They should remain in their assigned seat at all times sitting up straight, keeping feet and chair on the floor, and facing forward with their hands to themselves.
5. Students who miss any ISS time due to early dismissal, tardiness, absence, or emergency school closing will make-up the time missed on the next day of attendance.
6. Restroom breaks are provided periodically. Students will be allowed to go to the lavatory once in the morning and once in the afternoon.
7. Lunch will be arranged with the cafeteria and/or students may bring their lunch. Students will eat lunch at their ISS desk.
8. Students will follow a structured plan of study.
9. Talking or interacting with other students, sleeping, lounging, and eating or drinking at any time other than lunch, is not allowed.
10. Violation of ISS rules results in Out-Of-School Suspension for the remainder of the assigned time and may result in the loss of ISS as an option for disciplinary actions.
11. Students who are in ISS are prohibited from participation in and attendance at all extra-curricular, co-curricular and athletic events on the day they serve ISS.
12. NO ELECTRONICS of any kind (CD/tape/MP3 players, iPods, iPads, radios, computers, pagers, beepers, hand held games, cell phones, etc.) are allowed in the ISS room. ALL OF THOSE ITEMS WILL BE CONFISCATED AND TURNED INTO THE MAIN OFFICE.
13. Students will only be allowed to leave the ISS room if accompanied by school personnel.
14. STUDENTS WHO CHOOSE NOT TO FOLLOW ISS RULES WILL RECEIVE OUT OF SCHOOL SUSPENSION.

REVISED JANUARY 2013

It is the policy of the Old Forge School District to maintain a learning and working environment that is free from bullying based on a person's race, color, sex, national origin, disability, sexual orientation and economic status. The Old Forge School District prohibits any and all forms of bullying because it violates the basic right of students and staff to be in a safe, orderly learning environment. This policy seeks to promote positive interpersonal relationships between all members of the school community.

Bullying- for the purpose of this policy, a person is being bullied or victimized when s/he is exposed, **repeatedly and over time**, to negative actions on the part of one or more persons. Consequences and Remedial Actions

In determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying, school administrators should consider the following factors: the developmental and maturity levels of the parties involved, the levels or harm, the surrounding circumstances, the nature of the behaviors, past incidences or past of continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. It is only after meaningful consideration of these factors that an appropriate consequence should be determined, consistent with the case law, federal and state statutes, regulations and policies, and district policies and procedures.

Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from positive behavioral interventions up to and including suspension or expulsion.

Sanctions for Bullying

Once an investigation has concluded, if bullying has occurred, sanctions may be taken against the perpetrator. For students, these sanction(s) must be appropriate to the seriousness of the incident(s) and may include suspension and/or expulsion or other discipline in accordance with accepted common sense application of the district discipline policies.

Staff members will intervene immediately or in a timely fashion to address the behavior. The intervention will consist of identifying the inappropriate behavior, debriefing the student(s) about his/her role, and may include a referral to the administration. The superintendent and/or building administration will react promptly and appropriately to information and knowledge concerning a possible or actual terroristic threat or act of violence.

The superintendent shall be responsible for developing administrative regulations to implement this policy. Staff members and students shall be responsible for informing the building principal regarding any information or knowledge relevant to a possible or actual terroristic threat or act of violence.

Authority:

The Board prohibits students from possessing and bringing weapons and replicas of weapons into any school district building, onto school property, to any sponsored activity, and into any public and/or private conveyance providing transportation to school or a school sponsored activity. The school district shall expel, for a period of not less than one (1) year, any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and school district policy. The superintendent may recommend modifications of such expulsion requirement on a case-to-case basis.

procedures to be followed when an incident occurs involving an act of violence or possession of a weapon by any person on school property.

Guidelines:

- Students and staff shall be informed concerning policy at least once annually.
- An exception to this policy may be made by the superintendent, who shall prescribe special conditions or procedures to be followed.
- Weapons under the control of law enforcement personnel are permitted.

Administrative Review

In the event that a student commits a violation that may result in a recommendation to the School Board for expulsion from the Old Forge School District, the student shall have the right to request an administrative review within three (3) days of the date of the offense. Such requests shall be made in writing to the principal of the school.

The purpose of administrative review is to discuss all relevant information regarding the student, including information related to the offense in question, the student’s prior academic, disciplinary and attendance record at the school, and information regarding possible disciplinary action which may be taken against the student, including referral to the Board of Education with a recommendation for expulsion.

HOMWORK

Homework is an opportunity for teachers to provide individualized instruction geared specifically to an individual student. Old Forge Elementary School embraces the idea that each student is different and as such, each student has their own individual needs. We see homework as an opportunity to tailor lessons specifically for an individual student meeting them where they are and bringing them to where we want them to be.

Homework contributes toward building responsibility, self-discipline, and lifelong learning habits. It is our intent to assign relevant, challenging, meaningful, and purposeful homework assignments that reinforce classroom learning objectives. Homework should provide

students with the opportunity to apply and extend the information they have learned, complete unfinished class assignments, and develop independence.

The actual time required to complete assignments will vary with each student’s study habits, academic skills, and selected course load. If your child is struggling to finish an assignment or spending a large amount of time completing homework, please contact your child’s teacher by calling the school or emailing the teacher. In addition, parents will be contacted by the classroom teacher if and when students are consistently failing to complete homework assignments.

REPORT CARDS

Report cards are distributed to students at the end of each marking period, or approximately every forty-five (45) school days. The parent/teacher conference is a very effective means of communicating student progress concerns and problems to parents. Parents are encouraged to attend these conferences, especially if a request for parent conference form is enclosed with the student’s report card. Parents are requested to review all grades carefully with their child. Also, please note, that the report card gives important information on student attendance and areas related to the child’s personal development and academic progress. All grade codes may not be used at each grade level.

FOR STUDENTS IN GRADES 3-6, PARENTS WILL RECEIVE A MID-POINT PROGRESS REPORT FOR SUBJECT AREAS IN WHICH THEIR CHILD IS IN DANGER OF FAILING FOR THE QUARTER.

REPORT CARDS AND PROGRESS REPORTS ARE SENT HOME WITH EACH STUDENT.

PENNSYLVANIA SYSTEM OF SCHOOL ASSESSMENT POLICY

Board Policy Number 127.1 Revised August 2012

Goal:

- To increase the number of students obtaining proficiency on PSSA tests and to reduce the achievement gap between subgroups.
- The Old Forge School District recognizes the importance of the Pennsylvania System of School Assessments in evaluating the academic growth of its students. The District expects all of its eligible students to participate in the PSSA tests and to give their best effort at all times.
- The District also recognizes that a number of students who participate in the PSSA testing may not be able to score at the Proficient Level. Therefore, the District has established this policy that will be used to support the administration and faculty as they remediate and assist identified students scoring in the Basic and/or the Below Basic Levels.
- All students in grade K-8 will receive additional intervention or enrichment, in mathematics and reading, as part of their regularly scheduled day.

ESL PROGRAM DESCRIPTION

Mission Statement

Our mission as the Old Forge School District is to provide all students with opportunities to challenge and to maximize their potential and to promote responsible citizenship.

The Old Forge School District mission statement refers to providing educational opportunities to all students in our District. The English as a Second Language (ESL) plan outlines the procedures and objectives to accomplish this mission with our English Language Learners (ELL).

ESL Program Philosophy and Approach

The Old Forge School District is a member of the Invocare to provide ESL services to our students identified as English Language Learners. The NEIU 19 provides in-house services to our students in grades K-12. Students participate in the district's mainstream classes for all other content areas and co-curricular activities.

ESL Program Goals

1. To facilitate English language acquisition through the development of listening, speaking, reading, and writing skills.
2. To ensure an effective and meaningful participation in the total educational environment.
3. To provide educational experiences that will prepare students to complete high school and to enter institutions of higher education and/or the world of work.
4. To orient students and their parents to the school and the community.
5. To facilitate the acculturation process in a complex multicultural society by acclimating students to the customs and traditions of their new environment.

Identification/Placement

Screening procedures

1. Results of the Home Language Survey.
2. Results of any parent interviews and informal or formal classroom observations.
3. Results of formal and informal English Proficiency level tests.
4. Results of specialized testing (as for specific disabilities).
5. Placement decisions (based on information gathered from above).

GUIDANCE AND COUNSELING SERVICES

Our guidance counselor meets with children individually, in small groups, and in homeroom classes throughout the year. The guidance program assists children as they develop a positive self-concept, relate to others, make choices, develop values and a sense of responsibility, and cope with stress and change. Additionally, the counselor is available to consult with parents and teachers regarding specific children testing program.

The Guidance Department provides an approved testing program designed to provide students with standardized tests of academic achievement and aptitude. Test results provide a continuing record of a student's academic progress. They also provide teachers and the guidance counselor with a tool for diagnosing individual strengths and weaknesses.

It is important that parents know that they may examine their child's school records at any time. Arrangements to do so should be made through the Guidance Office. No individual or outside agency is permitted to inspect a child's school record without the parent's written permission.

ELEMENTARY STUDENT ASSISTANCE PROGRAM (E.S.A.P.)

The Student Assistance Program (S.A.P) is a trained committee of teachers, administrators and community resource personnel, who evaluate, assist and guide students who are at-risk. Referrals can be made to the SAP team if a student is having substance abuse or mental health issues. Information concerning the Student Assistance Program can be found on the Old Forge School District Home web page at www.ofsd.org

SPECIAL EDUCATION SERVICES

The services that students receive are designed to assist academic performance and progress that are written in their IEP. The student's case manager, with the assistance from the student's teachers, implement the IEP. The case manager also serves as the contact person for parents/guardians and other faculty.

Students are not limited to working with only their case manager to accomplish the goals of their IEP. They may receive assistance from any available staff member. If students need additional assistance, they may utilize any or all of the following resources: Special Education Department, Principals, Guidance Counselors, Special education Teachers and Regular Education Teachers.

Many activities take place to assist students in meeting the goals of their IEP. These activities include, but are not limited to:

- Hold annual IEP meetings with IEP team.
- Instruct students in organizational skills.
- Assist students in applying skills to their actual daily course work and homework assignments.
- Work with students to gain an understanding of their learning strengths and weaknesses.
- Provide strategies to improve their ability to cope with these difficulties.
- Help students understand the accommodations written in their IEP and assist them in accessing these accommodations.

Before Special Education: How Pre-Referral Works (Child Study)

The pre-referral process can help determine if your child needs special education services.

If your child is struggling to learn, take time to find out about how the pre-referral process works at your school. When you become involved in planning with the educational team, your child will benefit.

Purpose

The purpose of the pre-referral process is to ensure your child tries reasonable accommodations and modifications before your child is referred for special education assessment. Sometimes, a change in the classroom can turn their performance around and make it unnecessary to consider special education services. Using strategies that draw on your child's strengths and meet his/her educational needs may be all it takes to put them back on the road to academic progress. The purpose of the Child Study Team is to:

- Work together to identify your child's learning strengths and needs
- Put strategies into action
- Evaluate their impact so your child can succeed in the general education classroom.

Team Members

- There are no rules for membership on a pre-referral team. Generally, the team includes general education teachers, who are most familiar with the general education classroom and curriculum, and a guidance counselor or administrator. The team may also include a school psychologist, special education teachers, and related service personnel, such as speech and language pathologists. Each school selects team members depending on what works best for them.
- As a parent, you're a key member of this team. Although law doesn't require a pre-referral meeting and parent participation isn't guaranteed, most schools include parents in this process. You're the one most familiar with your child's health and development, family environment, academic history, special skills and talents, and learning and behavioral needs.

Process

Although the steps may vary by school, here's what often occurs:

Your child is referred to the child study team because there's a concern about his/her academic skills or behavior. Although anyone who knows your child can refer them, usually it's you or the classroom teacher who makes the referral. You'll be asked to identify specific area(s) of concern, such as not turning in assignments, earning poor grades in a subject area, not paying attention, having trouble understanding homework assignments.

The team meeting follows these steps:

- Review your child's strengths, interests, and talents.
- Discuss reasons for referral, overall performance level, and behavior in the classroom.
- List interventions previously tried and their rate of success. (School interventions may include accommodations, and behavior plans. Home interventions may include follow up with health concerns, behavior plans, and help with homework.)
- Brainstorm interventions that address concerns.
- Select interventions to try.
- Develop a plan for carrying them out.
- Agree on a time to meet again to discuss progress.
- Put the intervention into action and evaluate it over time. The timeline can vary greatly – from a couple of weeks to a school quarter or trimester, depending on the type of program set up.
- The team meets again to discuss the success of the intervention. As a result of the intervention, did your child's performance improve, remain the same, or decrease?

Outcomes

If the interventions are effective and your child seems to be back on track, schools generally continue with the plan and hold future meetings as needed. This suggests

your child doesn't need a special education evaluation at this time. Most likely, he/she will benefit from instruction in the general education classroom with continuing interventions.

If the interventions don't bring about desired change, the team may decide to try another intervention or alter the current one, starting the process again, or refer your child for special education evaluation to find out if he/she is eligible for special education services as a student with a disability.

Collaboration

The pre-referral process helps you ensure school staff members are aware of all factors that affect your child's learning. It allows you to collaborate — work as a team — with educators who teach your child. Whatever the outcome of the process, your involvement will impact your child's educational program in a positive way.

Evaluation Request

If you feel that your child has a learning disability, you have the right to ask for an evaluation at any time without waiting for the pre-referral process. If you choose to do so, please send a written letter addressed to: **Special Education Department, 300 Marion Street, Old Forge, Pa. 18518.**

Evaluation and Process

Parents may initiate a request for an evaluation. In order to do this, you should submit a written request for an evaluation to the Director of Special Education. This document should include the reason for the referral and details describing academic or behavioral concerns. You also may be asked to provide additional details regarding concerns about school performance. This is the first step to determine if concerns are due to a disability.

Following the referral, the school psychologist will speak to the parent/guardian and school team to determine what areas will be evaluated, and what tests will be utilized. The evaluation cannot take place without your written consent. Once the school district receives consent, the evaluation must be completed within 60 school days.

After the evaluation, the case manager or school psychologist assigned to your child will contact you. This person will coordinate a date and time for you to discuss the results of your child's evaluation with members of the evaluation team along with at least one classroom teacher.

The student's participation is determined on an individual basis and is up to the parent or guardian. Student participation is important and his or her input can be very valuable.

The assessment results will be summarized in an evaluation report. A draft of the report may be given to you at the meeting. You will be able to have input into the final report. Under very specific circumstances, if the child does not meet the specific eligibility requirements

for special education services a team may “override” may be considered for special education.

The team must document why the assessment did not accurately identify the disability. To do this, the team must explain why the standards and procedures used with the majority of students resulted in invalid findings. This can happen in cases where some data is considered invalid due to various factors and other data is determined to have adequate validity. The team is required to state which data had the greatest relative importance for the eligibility decision. Documentation must be provided with signatures of all team members.

If a student does not qualify for special education and still struggles in school, there are other options that may be available to him or her. General education supports including title services, guidance counselors, 504 Plan, or other building support. The student’s classroom teacher also may be able to provide additional support.

Individualized Education Plan

Students who receive Special Education Services have been evaluated by the school district and found to be eligible for special education services according to the federal law, IDEA, and Pennsylvania Department of Education procedural guidelines. In accordance with IDEA, all eligible students have Individualized Education Plans (IEPs).

A student’s IEP states:

- The present level of performance and how it affects them in the general education curriculum.
- The annual goals and the short-term objectives that are necessary to enable the student to benefit from their education. In addition, it states how these goals and objectives will be measured and reported to the student’s parents.
- The special education services, related services, and supplementary services that the student requires to benefit from their public school education. It states the dates such services are to begin and the frequency, location, and duration of the services.
- The accommodations and modifications the student requires to succeed in the general education curriculum.

Special Education services are provided in accordance with each student’s IEP. The school district is obliged by federal laws to develop and to implement an IEP with obtainable goals to ensure the student will benefit from a public school education. The IEP is not a guarantee that the student will receive specific letter grades or grade point averages or that a student will receive credit for all academic courses attempted at the high school.

Case Management of IEP’s

Each student receiving Special Education services is assigned a case manager. Generally, the student’s case manager is the special education teacher who is seen throughout the week. The student’s case manager will contact the parents during the first few weeks of

school to identify themselves and to answer any questions the parent may have about their child's IEP or schedule.

The case manager's responsibilities are to:

- Implement and evaluate the annual goals and objectives of their student's IEP.
- Provide an explanation of their student's IEP to parents and other teachers.
- Provide instruction toward the achievement of the goals in their student's IEP.
- Assist in making the IEP accommodations which are necessary for students to benefit from their courses by providing written copies of IEP accommodations to general education teachers.
- Regularly communicate with each student's parents and other school staff as necessary to implement the student's IEP.
- Grade the student in self-contained academic courses (letter grade).
- Help make accommodated tests and develop test-taking strategies for individual students.
- Provide an understandable explanation to the student of their disabling condition and discuss ways to cope with the disability in various settings.
- Conduct informal parent conferences, IEP meetings, and Annual Reviews.

Grading of Special Education Students in Regular Education Classes

After IEP accommodations have been provided to students, they will be graded in the same way as other students in a course unless the student's IEP specifies a modified grading system be developed. Despite the efforts of the student's case manager, there may be instances when a student fails a course. This may happen for a variety of reasons; for example

- The student may not be fully utilizing available IEP accommodations.
- The student may not be utilizing the Learning Support Classroom time appropriately, applying effective study skills, completing homework assignments, or setting aside enough time to review for quizzes and tests.
- The course itself may be very challenging for the student.

If at any time you have concerns about how your child is progressing in a course or about the appropriateness of selected courses, please contact your child's case manager or teacher.

Progress Reports

Progress reports are sent out by the school district and are mailed to students' parents/guardians.

There is a period of several days from the time progress reports are requested from teachers to the time the copies are sent home. Therefore, the progress reports should be used as an indication of how a student is doing in a class at a given time. The progress report is not a guarantee of the grade a student will earn for the course.

Parents who have any questions or concerns regarding the information on the reports are encouraged to contact the case manager or the general education teacher. Parents who would like to be updated more frequently should notify their child's case manager.

Behavior

Unless there is a specific behavioral component in the IEP, special education students are expected to follow the rules and disciplinary procedures listed in the Student Handbook.

Student/Parent/Guardian Responsibilities

The students in special education will:

- Be treated fairly and given equal opportunity to receive an appropriate education based on their IEP.
- Receive assistance and/or guidance from their case manager in matters relating to their education and success in school.
- Communicate their academic difficulties to their case manager as soon as possible.
- Be honest with others regarding their educational abilities and difficulties.
- Put forth their best work effort in all of their courses.
- Follow all school rules.
- Make a sincere effort toward meeting the goals of their IEP.
- Bring coursework and assignment books to their scheduled classes each school day.
- Attend meetings that concern their education.

Parents/guardians of students receiving special education have:

- All the rights set forth in the federal law IDEA as amended in 2004.
- A right to request a parent conference with their student's case manager, or an IEP meeting with the Director of Education.
- A right to expect a timely response to their inquiries, concerns, and requests for information and assistance in understanding their student's IEP and school schedule

Transition

Students 14 to 21 years of age are considered to be of transition age. Transition in high school is the process of preparing a student for a post secondary setting, (e.g. pre-employment skills, job shadowing, job training, community college, or university). The case managers will be working alongside with NEPA Inclusive Agency to help students gain transition skills through the Transition Academy Class. This class will be an elective for students to choose from in order to help teach self advocacy skills, independent living skills and pre-employment skills in a classroom setting here at the high school.

Special education is a service and not a placement. If your child has qualified for special education services, where your child receives those services still must still be determined, and there are placement options to be considered for your school-age child.

Life Skills Support

The Educational Life Skills program serves students with a range of mild to moderate to severe cognitive disabilities and/or physical disabilities including Down Syndrome, autism, cerebral palsy, and others. The students receive training in independent living which

includes personal health, hygiene, cooking, and problem solving. The curriculum also includes functional academics such as reading community words, telling time, and using money. The class participates in community outings to assist them in generalizing these skills. Eligible students receive speech and language, social work, occupational therapy, physical therapy, and prevocational training services. The focus of the program is to build as much independence as possible and provide them with the skills necessary to live and work in the community.

Learning Support

Students who need a more intensive approach to help keep up with grade-level work in a particular subject may be placed in the Learning Support Classroom, where a special-education teacher works with a small group of students, using techniques that work more efficiently with a special-needs population. Learning Support placements have the benefit of providing help where needed while letting the student remain generally with the mainstreamed.

Emotional Support

Placement in an emotional support classroom means that your child will be removed from the general school population for academic subjects to work in a small controlled setting with a special-education teacher due to having behavior issues in which are not conducive to the learning environment. Students in an emotional support classroom may be working at all different academic levels, with different textbooks and different curricula. This type of classroom offers structure, routine, and appropriate expectations, but some students may require a higher level of specialization. Some students in the emotional support classroom are mainstreamed based on good behaviors.

Out-of-District Placement

Some students may need more specialized teaching or support than their local school district can provide. If a child isn't making adequate progress, the district may agree to what's called out-of-district placement. This is when the district covers the cost of educating a child somewhere else, such as:

- A public school in another district
- A private day school that specializes in teaching kids with certain kinds of disabilities

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are:

(1) The right to inspect and review the student's education records with 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate.

Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible students, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education 400 Maryland Avenue, SW, Washington, DC 20202-4605

HEALTH PROGRAMS

Health Programs

The School Health Program is all encompassing in view of the fact that its sole concern is the physical and mental health of the students. The health of each pupil is fundamental to the learning process. The policies of the School Health Program are formulated and implemented in compliance with the guidelines and practices of the Pennsylvania Department of Education, and Division of School Health. These policies are also consistent with the duties and responsibilities of the superintendent of schools and the Board of School Directors of the Old Forge School District. The services of the School Health Program are coordinated in cooperation with the Non-Public Schools located within the school district. Medical inspection by the school nurse is available at all times upon the request of teachers, administrators and parents.

Permission for Physical and Dental Examinations

The Pennsylvania School Code (STATE LAW) requires physical and dental examinations at specific grade levels. Parents /Guardians are notified and given private examination forms prior to school examinations. The physical includes the examination of the skin, eyes, ears, nose, throat, teeth, gums, heart, lungs, abdomen, neuromuscular system, skeletal system, nutritional & emotional status, blood pressure & pulse. If the private physical/dental forms are not returned within six weeks, the school nurse will schedule the examination by the school physician, practitioner, or dentist. Parents /Guardians are notified of the date of the scheduled examinations. Those who wish to be present during school examinations need to notify the school nurse. Pupils will receive examinations and screenings periodically, according to the following schedule:

Physical Examinations

Physical Examinations-Grades 1, 6 and 11

Screenings

- Visual Testing-Grades K to 12 (annually)
- Audiometer Testing-Grades K, 1, 2, 3, 7, and 11, (annually)
- Height and Weight-Grades K to 12 (annually)
- Scoliosis Screening-Grades 6 and 7

Parents are urged to take their children to their family physicians or dentists for follow-up examinations.

Interscholastic Athletic Activities

The School Student Accident Insurance does not cover participants in interscholastic athletics. The Board of School Directors will provide coverage for all interscholastic

athletics, band, band front, and cheerleaders.

The procedure in case of injury to your child when engaged in the school's interscholastic athletic activities, band, band front, or cheerleading is as follows:

1. Coverage under your own insurance policy. (Your own insurance carrier should be contacted first.)
2. Coverage under School District Policy—for that portion not covered by your insurance policy, contact the Business Office to determine if there is coverage under the School District Insurance Policy.
3. Your own responsibility—when neither your policy nor the School District policy covers the injury incurred, it is the responsibility of the parent/guardian to pay for any of the expense incurred.
4. Also, it is clearly understood that the school is responsible for emergency first aid only. It is strongly suggested that all students purchase the School Student Accident Insurance.

Medication Policy

Medication may be dispensed according to the following policy:

- Both the parent/guardian and the physician must complete a signed request form. These forms are available in the nurse's office.
- All medications must be brought to the school, by a responsible adult, in a sealed, pharmacy labeled container. Students may not, under any circumstances, carry their own medications into the school or throughout the school day.
- All medications will be administered under the supervision of the school nurse, or other designated personnel as assigned by the administration.
- Students will be permitted to carry asthma inhalers and to self-administer with the consent of parent, physician, and school nurse. Consent forms will be kept on file in the nurse's office.
- Aspirins or other medication will not be administered to students. Parents are requested to instruct their children to refrain from going to the medical suite and asking the nurse for aspirins, lozenges, etc.
- The Pennsylvania Department of Health which sets the School Policies, states: "No school nurse will dispense any medication to any student at any time, except under the direct order of a physician".

Transportation of Ill or Injured Students

The school district will provide transportation for those students only who are deemed to be acutely ill or seriously injured. In all other cases, transportation is the responsibility of the ill or injured student's parents.

Physical Disability

It is imperative to the welfare of our students that all disabilities be reported to the school nurse. This information will be kept confidential. In the event that a student has a physical disability that precludes him/her from participating in our school's Physical Education Program, a note from a physician verifying the student's condition must be submitted at the beginning of each school term to the school nurse. The nurse will in turn notify the physical education teacher. A program adapted to the needs of the students will then be formulated.

Pediculosis Management (Head Lice)

When either a parent/guardian or a classroom teacher suspects infestation of an individual child (applies only to students that have been self-reported by their parent(s)/guardian(s) or by teachers/staff that have observed symptoms of students in their class), the school nurse will follow these procedures:

The school nurse will examine the child for head lice.

- If a student is found to have head lice during this examination:
- The student is isolated from the rest of the students. The parent/guardian is notified to come and pick up the student from school. Parents are instructed in the proper procedure of lice removal and are given an information sheet.
- If parent/guardian is not available, the student will spend the day in the health office. The student is not allowed to ride the bus home.
- The student is excluded from school until he/she is free of head lice.
- When the parent/guardian feels that the child is free of head lice and is able to return to school, the parent must bring the child into the school nurse for an examination.
- If lice are found during this examination, the child is excluded further until free of head lice.
- If the student is free of head lice, he/she is allowed to remain in school.
- If a student is NOT found to have head lice during this examination, then the student is allowed to return to class

The school nurse will examine the siblings of the student only if he/she is found to have head lice during the initial examination. Parent(s)/guardian(s) will not be informed of any other children who have lice in the class/school.

The school nurse will not perform a school/class-wide screening for head lice.

Because I am a do something person...

I care

I can help change things

I can be a leader

In my world there are no bullies allowed.

Bullying is bad...

Bullying bites...

Bullying bothers me.

I know sticking up for someone is the right thing to do...

My name is (your name)

And I won't stand by,

I WILL STAND UP.

ANTI-BULLYING CONTRACT

Old Forge Elementary School

Student Parent /Guardian Contract

Everyone has the right to feel physically and emotionally safe at Old Forge Elementary School. I will do everything I can personally, as a member of my school’s community, to create and preserve a physically and emotionally safe environment. As a member of the Old Forge Elementary community, I will strive to treat everyone with respect regardless of our differences.

Bullying is intentionally aggressive behavior that can take many forms (verbal, physical, social, emotional, or cyber- or any combination of these); it involves an imbalance of power, is purposeful and is often repeated over time. The bullying can consist of one child bullying another or a group of children against one lone child.

The Old Forge School District Bullying Policy states a person is being bullied or victimized when he/she is exposed, repeatedly and over time, to negative actions on the part of one or more persons. Bullying is distinguishable from roughhousing or friendly teasing in that bullying is intentionally hurtful and motivated by the desire to harm/hurt the victim.

Please refer to the student handbook to reference the entire Old Forge School District Board Policy on bullying.

I commit that I will not bully my peers. When I witness bullying, I will report it to an adult, on the online bullying report accessible through district website and /or the classroom student complaint form.
